Teachers' Professional Development — Training Areas and Modules

TEACHER TRAINING MODULES

- 1 E-Learning — Developing skills to plan, deliver and assess engaging lessons through digital platforms and blended-learning methods.
- 2 Safeguarding Against Cybercrime — Equipping teachers to protect student information, identify online risks and follow safe reporting practices.
- 3 Perplexity AI — Using AI responsibly for research, lesson planning, resource creation, source verification and classroom preparation.
- 4 Cyber Parenting — Enabling teachers to guide parents on screen-time balance, privacy, online behaviour and children's digital well-being.
- 5 Cyber Threats — Building awareness of phishing, malware, identity theft, unsafe links, account compromise and emerging digital risks.
- 6 Animation as a Digital Resource for Teaching and Learning — Training teachers to use animation for visual explanation, storytelling and concept reinforcement.
- 7 Human Manipulation in Cyber Fraud: Prevention and Protection — Helping teachers recognise social-engineering tactics and promote informed, secure responses.
